

**SERMON SERIES:** RESET  
**SPEAKER:** JASON EPPERSON  
**DATE:** January 3, 2021

### **Key Line**

“Loving God’s Word”

### **Introduction**

”Reset“ is the first series of 2021. Reset = repent (start over). This week we read 2 Timothy where we discussed the reality that confusion is everywhere and it can be hard to find out what is truth, and receiving the reminder that the Word of God is our source of truth.

### **Seek the Word**

Read Matthew 5:17-20

- What does this passage say about the importance of the Word of God?

Read II Timothy 4:1-6

- How can you graciously use the Word of God to correct, rebuke, and encourage yourself and others?

Read II Timothy 4:6-8

- How does having a crown in heaven affect how you live here and now?

### **Talk About It**

Jesus defended Himself with scripture. The Word of God establishes God’s identity.

- According to scripture, who is God?
- According to scripture, who are we?
- How can you align who God says He is with your identity in Christ?

### **Wrap Up**

*Reminder:* “The Word of God is a window to understand who God is, what He’s done, and what He’s going to do.”

*Challenge:* Given the importance of knowing the Word of God, how can you RESET on your Bible reading and application this year? Consider the CCC Reading plan in print format or via the app. Read the Bible as a window to see the works of the One who created you.
